

ON MY WAY TO NYC

Washed up got clothes on and out the door.

As we were on are way to the airport we rode in this big limo. It was long as a bus it was really long.

As my brother Lorne, my sister Mariah, my mom Rachelle, and my god mom Pat, and I were walking in the airport. We saw all of these stores and places that you can get food or drinks form. So we started walking around until we had to get ready to leave. Lorne, said I'm going to go to Starbucks.

I wanted something from there to so I went with him. But I did not have any money thow, so my brother paid for me. I said "THANKS SO MUCH" so we both had a Vanilla Bean Frappuccino. Then me and Pat went to the store to get snacks like lays chips, starbursts, fygo, nutella on the go, and a couple more things. So by the time we got out of the store we had to rush to are flight. We got on are plane, settled in to are seats. Then we took, of into the sky.
