My first day at roosevelt elementary I met the office people and the principal when i went to my class I saw all the kids they were staring at me and i met my teacher mrs Tredwell she told me to take a seat anywhere so i sat at a table and everybody moved from that table like i was a freak.

But i did not mind i was new so whatever i ate lunch alone then this girl comes up to me and she says my name is keira and tried to shake my hand but she said sike and walked away and said loser and i was thinking in my mind why is she mad? At me i did not do anything to her, i guess everyone has their reason. But then it happened again but she said something different she said what are you from pluto or something then she was like i bet all your Alien friends did not even like you and i started to cry then she was scream it Acid coming from her eyes run .

But the I had a Idea i was going to make a friend so i was going to give her A cupcake on my b-day sense she wasnt in my classroom so i gave her on my birthday and she I'm very sorry for all those things i said to you i was being mean then we hugged and said best friends
