**When i got chased by a dog!**

**One day we had a new neighbors so our mom told us to go meet them. Hi how are you? I said. Good my name is sam and this is my wife emily , these are ,my dogs thor and hailey. Wow I said. Well we have to get back to unpacking , have fun with the dogs. Ok we said, but they put the dog in the wooden fence. But then it busted Out of the wooden fence! Woof woof it said while running toward me. Run caden run! While i was running i went a different path i went to our trampoline and he went to the house but... it was to late the dog have jumped on him and got scratched him and i was being smart because the dog could not get on the trampoline. Then the dog was roaming around for thirty minutes until the owners came out and got the dog, my mom had to have a whole talk how the dog had did it and we never went back there again.**
