## A slasher story

One time there were three kids that were younger than 13 and on the news a few days before there was an incident in the woods that they were in and they were going there to camp to see why every year something like this happens . so when they got there it was around 12am when they got there

So like 3 days later when they were sleeping they heard footsteps outside of their tent so they all zipped down the zipper on their tent to peek outside the tent to see who was out there and next thing they know who ever was out there shoved the tent over and they all tried to run away but he didn't realize it was Friday the 13

So they kept running but the person that was chasing them was Ermac and he was why everyone was dying he always carried a pick axe and wore a robbing mask over his face

And wore a blue jacket, brown timberlands and was 7'2

But he could run fast so the kids hid behind a tree but he has super senses but the kids went into a room with a phone and called the police and the police said that they would be there in 30 minutes then they locked the door and put the heaviest thing that they could find on the door and checked everywhere for a weapon and but it was a door in front of them and the door said **REST IN PEACE** but one of them opened the door and walked down the stairs and he was suprised that everything that was down there was different suits that Ermac wore and a collection of different Ermac series like season 1 gear he wears a football helmet all black jeans, green shoes, a pocket knife, and this actually showed his face his face was bleeding he was bald and his eyes were closed so one of the kids said then how does he see then the other one said how does he see the other one said i don't know but behind them was Ermac he stabbed someone with his knife and killed one of the kids.

**But then the kids ran down the street to the police and told them that the house down the street was where they needed to be so that they could find out who was in there so the police went in the same room that they were in and ermac was waiting for them to come down there and he killed 912 police but then they called the army then the army got there they arrested ermac and ermac was sentenced to life and if he wanted to get out of jail it would cost 111112224448884444\$ for him to get out of jail but from now we i always left my door closed to be continued**
