

# Six Flags With The Family

By:Karsen Feaster

I was in texas we me, my mom,sister,great grandmother were on a walk when we got a call saying that my grandmother's car blew up.We were sad because we were going to go on a trip but we can't now. So we finished our walk and went home and we were watching Little House On The Prairie when we heard a car pull into the driveway. When we saw it was our cousins we ran outside and gave them a big hug we asked why? They we're here but they said" it was a surprise".

We said goodbye to my great grandmother and left we got in the car and my aunt put on music and we started.Jamming out we had so much fun then when me and my sister saw we're going to Six Flags we almost died

So we found a place to park and walked into this amazing world so we went on this one ride and we got so wet but My mom and cousin linze were being so mean because they didn't get wet. We were mad but we got over it then we split up me, my mom,sister,aunt went on the swings which I never been on before.I was so nervous but ones we started I didn't want to stop but my mom said we had to so we did.We were waiting for my cousins when we finally saw them we went on this log ride "So AMAZING".

Then we each got something from the gift shop and we left the park the rangers had a game that night so it was packed so we has some snacks and some drinks and we were talking and playing then we got home and went to bed.That next day we got up and had breakfast then watched tv then we went outside and played baseball.My cousin jared was teaching me how to pitch then we came in side had lunch then we played a cool game then they left and that was that.
